A1: You can often find digital copies of New Home sewing machine manuals online through the manufacturer's website or through third-party sewing machine resource sites. Searching for "[Model Number] manual" will usually yield results. Alternatively, some retailers that sell the machine might also have digital copies available for download.

Q2: My New Home 532 is skipping stitches. What should I do?

Consult your manual for guidance on adjusting tension.

Q3: How do I clean my New Home 532 sewing machine?
