Billie Jean King's journey wasn't just about winning Grand Slam titles; it was about fighting for the very right to compete on a level playing field. Even as she dominated the court, achieving 39 Grand Slam titles (including 12 singles, 16 doubles, and 11 mixed doubles titles), she witnessed firsthand the blatant inequality faced by female athletes. Prize money was significantly less than their male counterparts', media coverage was minimal, and societal expectations often limited women's athletic ambitions.
