Q4: What safety precautions should I take when using the manual?

A4: Always work in a well-ventilated area, use appropriate safety glasses and gloves, disconnect the battery before working on electrical systems, and never work under a vehicle supported only by a jack – always use jack stands.

A5: Don't hesitate to consult a professional mechanic. The manual provides guidance, but some repairs require specialized tools, knowledge, and experience.

Q6: Are there any legal implications of performing repairs myself?
